6. New York State Public Health Law 2165 mandates that all incoming students born after December 31, 1956, must be immunized against measles, mumps, and rubella. Students need to submit their [immunization records](#) before registering for classes. All students (**regardless of age**) must complete the [meningitis response form](#). You may fax your records to (212) 650-8227, mail them or hand them in. You may call Student Health Services at (212) 650-8222 to confirm that your fax was received. Even if you mail or fax your records, please be sure to bring a copy of this important information with you on the day of registration.
