The Barnett and Jean Hollander Rich Summer Mathematics Internship

Description: The Rich Scholarship program will support students in advanced study of mathematics under faculty supervision during the Summer of 2020. Students wishing to pursue advanced study under CCNY Mathematics faculty supervision should obtain a commitment from a faculty mentor before applying. The internship will start June 15\textsuperscript{th} and finish August 21\textsuperscript{st}.

Award: $6,000 for ten weeks during the summer of 2020 and will be given in two equal payments. Awardees will receive a list of expectations and goals from their mentors. The first payment will be made to awardees at the beginning of the program. At the conclusion of the internship, participants are expected to submit a written report approved by their mentors describing the nature of their summer work and summarizing their accomplishments. This report is due by August 21\textsuperscript{st}, 2020. The second payment will be made after this report is submitted and only if the mentor confirms the awardee has met the expectations.

Rich Presentation Award: $250 may be awarded to graduate or undergraduate students for the first presentation of their faculty mentored work in the form of a poster or talk at a conference or non-club CCNY event, or for a single authored article accepted for publication in a refereed professional or student journal. Additional awards of $100 may be given up to two times if the same talk or poster is presented elsewhere. Each of these awards is subject to approval of the Rich committee upon presentation of sufficient evidence of the presentation(s) or acceptance of the paper.

Faculty Honorarium: Faculty mentors will receive an honorarium.

Online Component: Students will be expected to work with their faculty mentor remotely via software determined by the faculty mentor.

Eligibility:
1. Applicants must have been enrolled as students at CCNY during the 2019-2020 academic year. Students who graduated in Fall 2019 or who graduate in Spring 2020 can apply.
2. Applicants must have a GPA of at least 3.0. A GPA of 3.5 or higher in Math courses completed at CCNY at the 300-level and above is preferred.
3. Two letters of recommendation from CCNY Mathematics Department faculty.

Application Deadline: May 22\textsuperscript{nd}, 2020

To Apply:
1. By the application deadline, complete and submit the attached Rich Summer Internship Application Form to Jason Redman at jredman@ccny.cuny.edu.
2. Email the attached Rich Summer Internship Recommendation Form to your faculty references.
3. **Rich Summer Internship Application Information Form**

Rich Mathematics Summer Internship Recommendation Form

Recommendation for: (Name of Student) _______________________________________

To the Student: I am aware of the rights afforded to me by the Federal Education Rights and privacy Act of 1974, as amended. I hereby _____ do _____ do not waive my right to examine the contents of this reference. I understand that by waiving my right I do so under the condition that the reference is used solely for the purpose for which it is requested.

Date: _______________  Applicant's Signature: ______________________________

To the Evaluator: The Rich Summer Internship is a $6,000 award to either an advanced undergraduate mathematics major or graduate student to support the student in a summer activity that will enhance the student's mathematical studies. The scholarship committee would appreciate your evaluation of the applicant's mathematical abilities, commitment to a career requiring advanced study of mathematics, as well as other personal or intellectual characteristics that might assist the committee in its selection. (Attach additional sheets if necessary.)

Please email this recommendation by May 22nd, 2020 to Jason Redman at jredman@ccny.cuny.edu.
